Men must either govern or be governed; they must take part in the control of their own lives, or they must lead subjective lives, helplessly dependent in the little things and great things of life upon the will and power of others

~ Elihu Root, U.S. Senator, (February 15, 1845 - February 7, 1937), American lawyer and statesman ; 1912 recipient of the Nobel Peace Prize.

When most people are rich and independent, government becomes a necessary evil; but government will keep most people poor and dependent so that government remains an unnecessary devil.

~ Y.T. Ruly, (not very well known American judge)
